Please view the [Cookie Policy](#) to understand what information the Company collects when you visit the Site.

Sensitive Personal Information

If you apply for a position in the United States and register your profile, you will have the opportunity to provide information about your gender, race and ethnic origin, disability, and veteran status in order for KLA to conduct equal employment opportunity monitoring and comply with federal contractor obligations.

Whether you provide this information is entirely voluntary. If you decline to provide this information, your application(s) will not be affected in any way. If you choose to provide this information, you consent to the Company using it for equal employment opportunity monitoring and reporting purposes. This

information will not be used to evaluate your application for employment.

If you apply for a position in China, at the final offer stage, you may need to provide health declaration or medical records in order for KLA to evaluate your fitness for the relevant job position. In such case, KLA will make sure that the processing of such information is for the said purpose only, and KLA's processing of such information will be conducted with strict security measures in place and in a manner having the least impact on your personal rights and interest.

Except as described above, the Company will not request or otherwise collect information about your health, racial or ethnic origin, political opinions, religious or philosophical beliefs, trade-union membership, sexual orientation, your genetic information, or biometric information through the online system during the application process unless applicable law, as an exception, requires doing so. If you provide such information to us voluntarily during the application process, KLA will make sure that the processing of such information is conducted only if it is strictly necessary.

The Company, or a third-party background check company under contract with the Company, may check criminal history records for information about convictions, but only to the extent required or permitted by law.

Why the Company Uses Your Personal Information

The Company will use the information collected about you through the recruitment process to verify eligibility for employment; evaluate your qualifications for employment, education, and work history; conduct interviews, skills assessments, and tests; and for related recruiting administration, internal reporting, and recordkeeping purposes, such as to check references or to conduct pre-employment screening or background checks. In addition, if you are hired, the Company will maintain the information collected about you in the recruitment process for purposes of facilitating the employment relationship, as described in the relevant privacy notice for employees. The Company will not use your personal information to engage in automated decision-making.

If you are not hired for the position for which you initially apply, the Company may - with your consent if consent is required - use the personal information to evaluate your suitability for other current job openings or future job openings. Based on that evaluation, the Company may contact you to find out whether you are interested in applying for new job openings. You may also be invited to other events, career fairs, and other recruiting events hosted by the Company.

The Company's employees involved in the evaluation of your application and, if you are hired, in the administration of your employment relationship with the Company will have access to your personal information on a need-to-know basis.

Candidates for Positions outside Europe.

Where applicable data protection law requires a lawful basis for collecting, using, and otherwise processing your personal information, the Company relies on your consent to do so as well as on a non-consent legal basis if applicable (which may apply if necessary for the performance of our statutory duties or legal obligations). The processing of your personal information is necessary for the Company to determine whether to enter into an employment agreement with you. If you do not provide requested information, the Company may not be able to consider you for employment. In addition, the processing of your personal information is necessary for the Company to pursue its legitimate interests in recruiting

and hiring suitable personnel.

Candidates for Positions in Europe

We process your personal information for the purposes described above on the following legal bases:

- the processing is necessary for compliance with a legal obligation to which the Company is subject (verifying eligibility for employment, and conducting pre-employment screening or background checks where required by EEA or UK law); or
- the processing is necessary in order to take steps at your request prior to potentially entering into an employment contract with you (evaluating your qualifications for employment, education and work history, and related recruiting administration); or
- the processing is necessary for the legitimate interests pursued by the Company in ensuring that it properly evaluates candidates so that it hires persons who are qualified and appropriate for the position (conducting interviews, skills assessments, and tests; preparing and sharing internal reporting and recordkeeping), except if in light of circumstances particular to you, the Company's interests are overridden by your interests or fundamental rights and freedoms that require protection of your personal data.

You are required to provide information about your employment eligibility under applicable law. If you do not provide such information, the Company will not be able to enter into an employment contract with you and therefore will not consider you for employment. If you do not provide other requested information, the Company will not be able to assess your qualifications and suitability for the position and may not be able to assess your application or offer you a position.

How the Company May Share Your Personal Information

The Company will not sell, lease, or license your personal information to any third party. There are limited circumstances in which the Company may share the information that you submit online with third parties (and you hereby consent to transfer and share of such information to such third parties), most notably:

- with third party service providers. The Company may, for example, retain a service provider to host all or portions of this Site, to help maintain and manage the Company's databases, to assist in the recruiting process, to help with attracting and engaging candidates, or to conduct pre-employment screening. Service providers will be permitted to use your personal information only for the purpose(s) for which it was disclosed to them and in accordance with the Company's instructions;
- with affiliated companies, such as grandparent, parent, and/or subsidiary corporations, for their recruitment, recordkeeping, and/or reporting purposes;
- when required by law, such as when responding to subpoenas, court orders, legal process, a discovery request in civil litigation, or a legitimate request by government or regulatory authorities;
- if the Company believes that your actions violate applicable law, or threaten the rights, property,

or safety of our Company or others;

- if the Company sells some or all of its business, the Company may disclose all of the information that it has collected about you to a purchaser or, in due diligence, to a potential purchaser, but subject to a confidentiality agreement.

The Company will make such disclosures in compliance with applicable data protection laws.

Retention of Your Personal Information

If the Company hires you, the information that you submitted through the online system and the information that is collected during the application process may become part of your personnel file and may be used to administer the employment relationship and for related reporting and recordkeeping purposes, as described in the Company's employee privacy policy. If you wish to withdraw your application, you can do so at any time by contacting the Company at HRConnect@kla.com.

The Company will retain information of candidates who are not hired for the maximum retention period permitted under applicable law, in particular until there is no longer a legitimate business purpose for retention (in particular to consider you for positions in addition to the position(s) for which you initially applied). For candidates applying for positions in Europe, Japan, and South Korea, information will be purged after one year unless you consent that the Company can keep your information for other positions.
